DSM Capital Partners Selects INDATA IMS For Front to Back Office

Firm to Utilize IMS for Trade Order Management, Portfolio Accounting, Performance, Billing & CRM

Greenwich, CT, November 19, 2007 – INDATA®, a leading industry provider of software solutions for buy-side firms including trade order management (OMS), compliance, portfolio accounting and front-to-back office announced today that DSM Capital Partners, based in Mt. Kisco, NY, has selected INDATA IMS for their front to back office needs.

ABOUT INDATA®

INDATA® is a leading industry provider of software solutions for buy-side firms including trade order management (OMS), compliance, portfolio accounting and front-to-back office. INDATA's flagship product suite, IMS, utilizes an industry standard relational database platform (Microsoft® SQL Server™ 2005) that results in a real-time, modular, and open architecture solution. IMS consists of functional modules for portfolio management and reporting, pre and post trade compliance, trade order management, performance measurement & attribution, web-enabled CRM, and billing. Implementation of the system provides buy-side firms with straight-through processing (STP) and enterprise integration.

INDATA has provided the investment community with the most timely and accurate transaction-based portfolio performance analysis products since inception in 1968. The company's ASP product, INDATA Online (IOL), is an Internet-based attribution and performance reporting solution for institutional money managers that provides superior attribution, portfolio reporting, and analytical capabilities.
